Tools Required

- ... Battery or Electric Drill with #2 phillips bit
- ... Tape Measure
- ... Hammer or Rubber Mallet (recommended)

Warranty Statement

20 Year Guarantee

Please call manufacturer direct with questions concerning missing or defective parts at Toll Free: 877-258-6020.

Dura-trel, Inc. products are warranted to be free from manufacturing defects resulting in delaminating, peeling, flaking, corroding, cracking, crazing, or extreme amounts of fading or bleaching causing the PVC to change to its natural color for a period of 20 years from the date of purchase.

Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere which will cause any colored surface to gradually fade.

CONDITIONS NOT COVERED BY THIS WARRANTY:

- A. Physical abuse, misuse, neglect, or improper storage.
- B. Improper installation or installation not in strict adherence to the instructions written by Dura-Trel, Inc.
- C. This warranty does not apply if materials are painted, varnished, or coated with any substance.
- D. Dura-Trel, Inc. is not responsible for damages to product during shipping.
- E. Damage attributable to atmospheric pollutants, hail, lightning, hurricane, tornado, wind borne objects, earthquake, fire, mildew, casualty, act of God, building or ground settlement, or subjection to stress or weight.

CLAIMS AND REMEDIES:

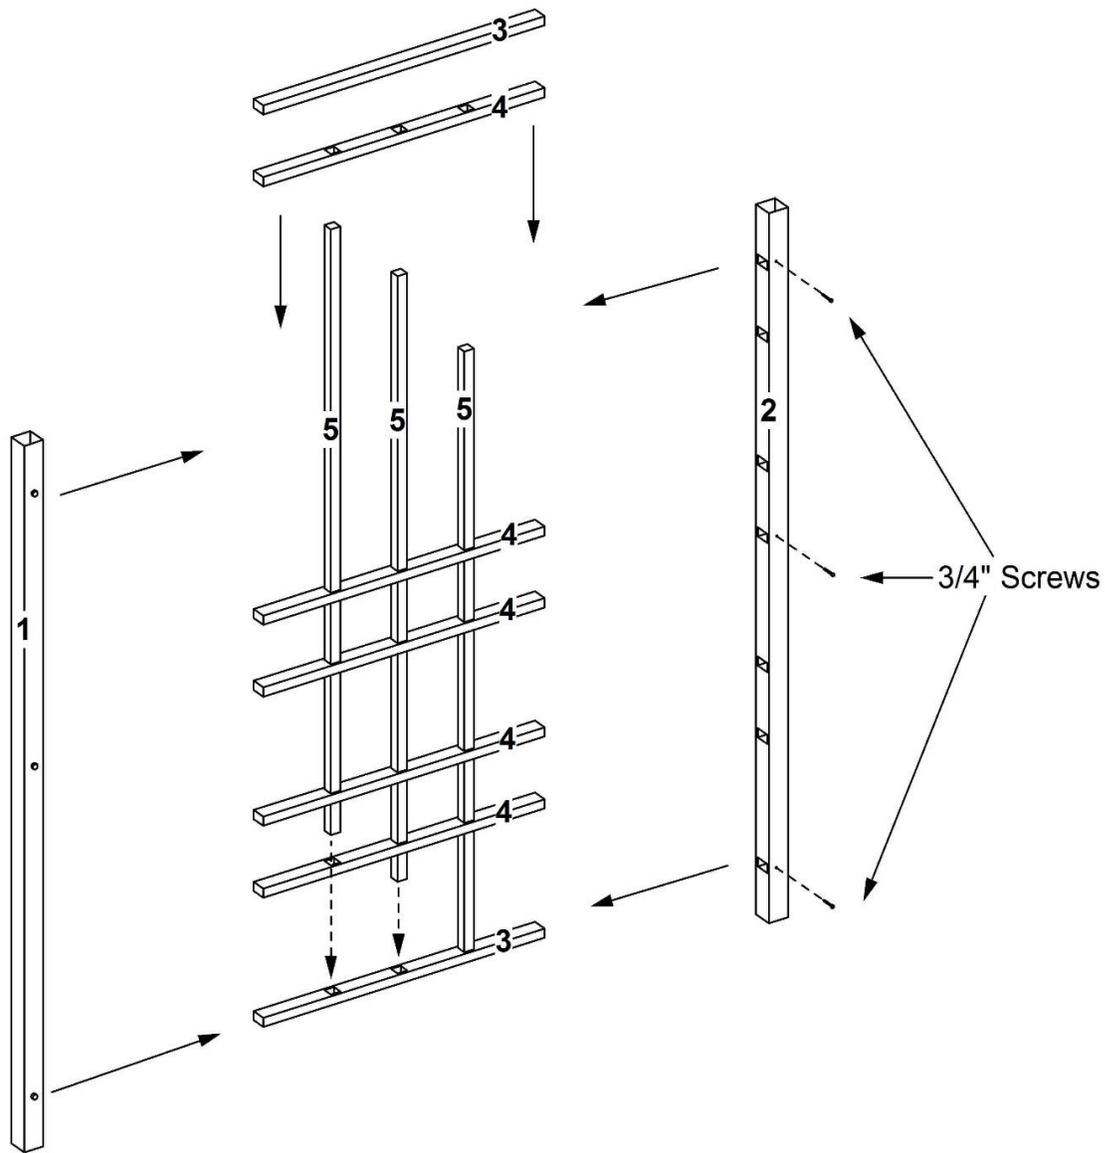

If a Dura-Trel, Inc. product is determined to have a manufacturing defect which is covered by this warranty, Dura-Trel, Inc. will replace the material containing the defect (labor not included) F.O.B from the point of manufacture. Dura-trel, Inc. will not be responsible for any cost incurred in the removal or reinstallation of the product.

Important: An claims must be sent to the following address and should describe the defect claim.

Dura-Trel, Inc., P.O. Box 122, Sheboygan Falls, WI 53085

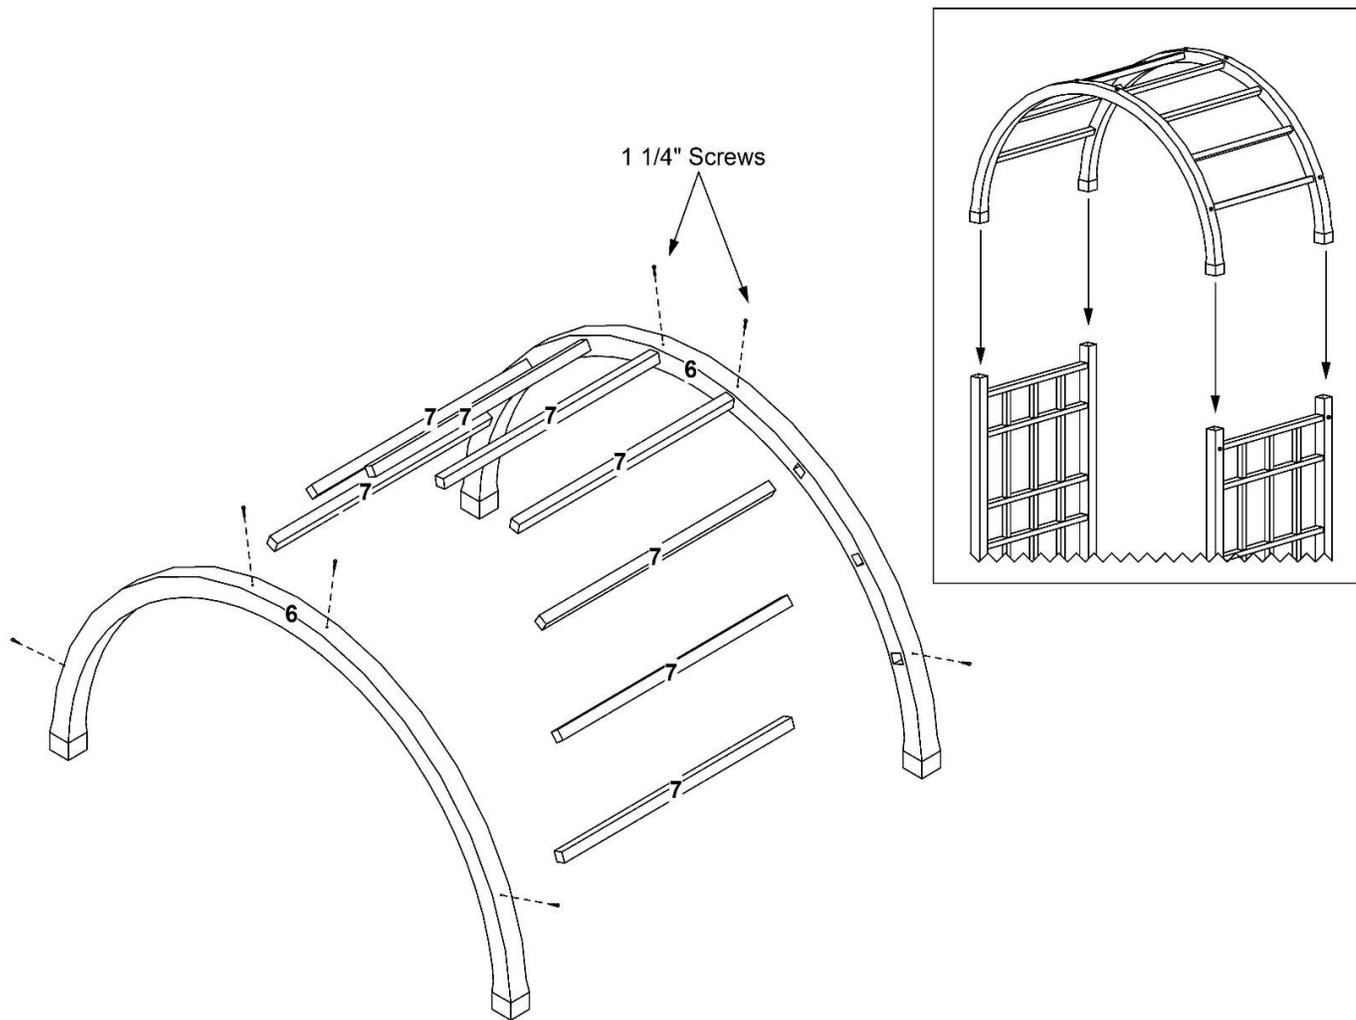

Dura-Trel, Inc. reserves the right to discontinue or change its design, and or color. If the original color or style is not available, Dura-Trel, Inc. shall have the right to substitute a product designated by Dura-Trel, Inc.

Dura-Trel, Inc. shall not be liable for any incidental, special, or consequential damages arising out of the use of these products

Starting at bottom of 65" left post (part 1) insert one 27½" top/bottom cross rail (part 3) and five 27½" center cross rails (part 4) into holes. DO NOT insert remaining top/bottom cross rail into top hole at this time. Insert free ends of cross rails into 65" right post (part 2). Slide three 58" vertical rails (part 5) through each center cross rail and into bottom cross rail. Separate top of posts just enough to insert remaining 27½" top/bottom cross rail (part 3) into top hole of each post, inserting free end of vertical rails into top cross rail. Using three ¾" screws per post, fasten together arbor side. Be sure all parts are fully inserted into posts before securing.

REPEAT using remining posts and cross rails to make second arbor panel.

Insert eight 27½" arbor top cross rails (part 7) into one 50" arbor top rail (part 6). Insert free ends of arbor top cross rails into remaining 50" arbor top (part 6). Using four 1¼" screws per arbor top rail, screw together arbor top. Be sure that all parts are fully inserted into legs before.

Slide arbor top over ends of each arbor top panel to complete arbor.
