# Warranty Statement

## 20 Year Guarantee

**Please call manufacturer direct with questions concerning missing or defective parts at Toll Free: 877-258-6020.**

Dura-trel, Inc. products are warranted to be free from manufacturing defects resulting in delaminating, peeling, flaking, corroding, cracking, crazing, or extreme amounts of fading or bleaching causing the PVC to change to its natural color for a period of 20 years from the date of purchase.

*Normal weathering is defined as exposure to sunlight and extremes of weather and atmosphere which will cause any colored surface to gradually fade.*

### **CONDITIONS NOT COVERED BY THIS WARRANTY:**

- A. Physical abuse, misuse, neglect, or improper storage.
- B. Improper installation or installation not in strict adherence to the instructions written by Dura-Trel, Inc.
- C. This warranty does not apply if materials are painted, varnished, or coated with any substance.
- D. Dura-Trel, Inc. is not responsible for damages to product during shipping.
- E. Damage attributable to atmospheric pollutants, hail, lightning, hurricane, tornado, wind borne objects, earthquake, fire, mildew, casualty, act of God, building or ground settlement, or subjection to stress or weight.

### **CLAIMS AND REMEDIES:**

If a Dura-Trel, Inc. product is determined to have a manufacturing defect which is covered by this warranty, Dura-Trel, Inc. will replace the material containing the defect (labor not included) F.O.B from the point of manufacture. Dura-trel, Inc. will not be responsible for any cost incurred in the removal or reinstallation of the product.

**Important:** An claims must be sent to the following address and should describe the defect claim.

**Dura-Trel, Inc., P.O. Box 122, Sheboygan Falls, WI 53085**

Dura-Trel, Inc. reserves the right to discontinue or change its design, and or color. If the original color or style is not available, Dura-Trel, Inc. shall have the right to substitute a product designated by Dura-Trel, Inc.

Dura-Trel, Inc. shall not be liable for any incidental, special, or consequential damages arising out of the use of these products

Starting at bottom of 66" back left post (part 1), insert one 51½" shelf rail (part 6) , one 51½" table rail (part 5), one 51½" back panel top/bottom rail (part 9), three back panel center rails (part 10) and one back panel center shelf rail (part 11). Leave top two holes empty at this time. Insert free ends of all rails into 66" back right post (part 2). Slide eight 25" back panel slat (part 8) through back panel center rails and into back panel bottom rail. Separate back left and back right posts just enough to insert remaining back panel top/bottom rail (part 9) and back panel bent top (part 12) into posts, inserting back panel slats into back panel top rail. Using four ¾" screws per post, screw together potting bench back panel. Be sure all parts are fully inserted into posts before securing. Using included super glue tube, glue 4" sq. flat post cap (part 19) onto top of each post.

Insert one 51½" table rail (part 5) into 38" front right post (part 4). Insert one 51½" shelf rail (part 6) into 38" front right post. Insert free ends of table and shelf rail into 38" back left post (part 3). Using four ¾" screws per post, screw together potting bench front panel. Be sure all parts are fully inserted into posts before securing. Using included super glue tube, glue 4" sq. flat post cap (part 19) onto top of each post.

Lay out four 43" table top rails (part 15) with pilot holes facing up. Set each 22" table top brace (part 13) over pilot holes of table top rails. Using eight 1¼" screws per table top brace, fasten table top braces to table top rails. Apply glue to inside edges of 22" table top end cap (part 17). Press end cap onto ends of table top (DO NOT slide from end). Take care that end cap is flush with ends of table top and use a file to round off any sharp edges.

Insert four 22" side rails (part 7) into posts of potting bench pack panel (from page 3). Insert three 24½" table/shelf rails into table rail of back panel. Insert eleven table/shelf rails into shelf rail of back panel. Insert free ends of side rails and table/shelf rails into corresponding holes of potting bench front panel (from page 4). Using four ¾" screws per post, fasten together potting bench. Be sure all parts are fully inserted before securing.

Apply glue to inside edges of 5½" shelf end cap. Press end cap onto ends of 43" shelf rail (part 16) (DO NOT slide from end). Insert two 7" shelf hooks from hardware packet into pre-drilled holes and place shelf on top of hooks.

Set table top assembly in middle of potting bench with braces facing down. The table top is designed to be removable for easy cleaning with a standard garden hose and any type of household cleaner without abrasives.
